

Popis i primjer objavljenih radova priloženih uz prijavu:

1. S. Hanjalić, V.Bečirović, Dž.Bašić ***Impact of Wind Turbine Generating Units on Power System Voltage Stability***, International Youth Conference on Energetics Budapest, 2009.
2. S. Hanjalić, V.Bečirović, Dž.Bašić ***Equivalent circuit parameters of power lines connect transformer and 121kV hydroelectric power substation Jablanica***, International Youth Conference on Energetics Budapest, 2009.
3. S. Hanjalić, V.Bečirović i dr ***The Analysis and Comparison of Three-phase Two-winding Power Transformers Using Symmetric Components and Phase Coordinates***, International Youth Conference on Energetics Budapest, 2007.
4. S. Hanjalić, V.Bečirović i dr ***The Analysis and Parameter Calculation of High Voltage Cables Using Phase Coordinates***, International Youth Conference on Energetics Budapest, 2007.
5. S. Hanjalić, A. Muharemović, A.Kamenica ***Electromagnetic Compatibility of Primary and Secondary Electronic and Power Equipment in High Voltage Facility***, 6<sup>th</sup> JIEEEEC Amman – Jordan, 2005.

Sarajevo, 28.09.2011. godine

Kandidat:

---

Mr Selma Hanjalić, dipl. ing. el.
